

## The Complete Environmental Regulations Workshop

**Comprehensive training for those who need a clear understanding of today's environmental mandates**

- Learn how the regulations apply to your operations
- Find out when permitting, reporting, and training mandates apply
- Develop skills and techniques for navigating the rules
- Gain essential knowledge for ISO 14000 compliance
- Maintain professional certifications and earn CEUs

### Avoid these

*and other costly mistakes...*

EPA issues \$230,000 in fines to 17 southeast facilities for CWA storm water and wetland violations ~ *October 2009*

Tampa metal recycler to pay \$9.5M for soil and groundwater cleanup efforts under Superfund ~ *August 2009*

KY aluminum manufacturer fined \$337,500 for failing to conduct air quality monitor measures and procedures ~ *July 2009*

Georgia plant fined \$240,000 for RCRA hazardous waste manifest and numerous permit violations ~ *July 2009*

NC waste water plant operator to serve 2 months of home confinement and 400 hours of community service, plus pay \$5,000 fine for illegal discharge ~ *May 2009*

### A Must for ISO 14000

This course is essential to systematically identifying "relevant legal requirements," as required for ISO 14000 registration.

## Free Support Services With This Workshop!

Compliance professionals must keep track of regulatory changes on an ongoing basis, or they risk fines for non-compliance. Lion's Membership Services help you stay on top of the ever-changing regulatory landscape.

#### Course Attendance Benefits:

One full year of Lion membership, which includes ongoing regulatory updates and support; access to new LionCasts, Special Alerts, and more.

Nationally-recognized Certificate of Achievement and CEUs, plus ABIH and IHMM certification maintenance points.

User-friendly compliance references, checklists, and how-to-guides in print and searchable CD offer complete regulatory support when you need it.

**Learn more about all the benefits of Lion Membership on the Products and Services page at [www.lion.com](http://www.lion.com).**

### Train Online 24/7!

Visit Lion.com to view a broad array of online training programs on environmental, transportation, and health and safety compliance.

**More information at [www.lion.com](http://www.lion.com)**

### Custom Group Training

Tailor a program for your employees, your operations, and materials handled. Call to set up an on-site or online training program, 973-383-0800 x121.

# The Complete Environmental Regulations Workshop

Assure compliance with today's environmental mandates with two days of expert training, comprehensive resources, and one year of updates and complete compliance support.

Expert Training—Any Time, Anywhere

# The Complete Environmental Regulations Workshop

**Day 1:** Coffee & Pastry, Registration 7:30–8:30 a.m. Program: 8:30 a.m.–4:30 p.m. **Day 2:** Coffee & Pastry, Discussion 7:30–8:00 a.m. Program: 8:00 a.m.–4:30 p.m. Networking Lunch: 12:00–1:00 p.m.

## Assure Compliance with EPA Mandates

**Broad-sweeping regulatory changes are on the horizon. Learn what you must do now to keep your operations running smoothly.**

Develop your understanding of the U.S. EPA's regulations that apply to your site, from air emissions to underground tanks!

### Who Should Attend?

This workshop provides a complete overview for those new to environmental compliance and a comprehensive refresher for experienced EH&S professionals. It's also ideal for those responsible for assuring compliance with ISO 14000.

### Program Topics

#### Systematic Compliance

- Regulating and controlling release “vectors”
- Laws vs. regulations, legislative process, legal ramifications
- Management strategies, Regulatory Road Maps™

#### Clean Air Act

- How ambient air quality standards affect you
- New greenhouse gas reporting rules
- Air emission rules and limits: NSPS and NESHAPS
- Operating permits: Title V applicability and issues
- General duty, accidental release prevention, and ozone-depleting substances

There is no time in the life of a chemical when it is not subject to regulatory mandates, whether it be a chemical, hazardous waste, hazardous substance, contaminant, constituent, by-product, or pollutant. Learn the environmental mandates imposed on you and your facility at this comprehensive, two-day environmental management workshop.

### Program Topics – continued

#### Clean Water Act

- Oil pollution control: SPCC plans and spill reporting
- Direct and indirect discharges: Point sources, NPDES permits, industry standards, POTW, and storm water

#### Safe Drinking Water Act

- Drinking water standards: Who is regulated, and rules for providing water to employees
- Groundwater quality: UIC and other programs

#### Pesticides

- What is regulated, regulated parties, and pesticide use
- Registration, packaging, labeling, reporting and recordkeeping

#### RCRA

- How solid, hazardous, and special wastes are regulated
- Underground storage tanks

#### Superfund & EPCRA

- Superfund liability, spill reporting, and reportable quantities
- Extremely hazardous substances: Reporting and emergency planning requirements
- Hazardous chemicals: MSDSs, Tier I and II reports
- Toxic chemical release inventories (Form R)

#### Toxic Substances & Chemical Management

- Chemical-specific rules for PCBs, asbestos, and others
- Chemical reports and recordkeeping

Registration also includes the optional online **EHS 101: Regulatory Literacy** primer. This course is essential for anyone new to regulatory compliance.

Upon successful completion of the workshop, students earn 1.4 CEUs, 2.0 ABIH, and 16 IHMM certification maintenance points.

## Compliance Tools, Updates and Support

### Take Home Unsurpassed Reference Materials

Each student receives the **Environmental Regulations Desk Reference Set** in print and on CD with over 1,000 pages of compliance support. Concise program summaries present applicability, exclusions, and the general requirements of each environmental program. Regulatory Road Maps™, checklists, and tables will guide you through your legal requirements. The searchable CD provides quick access to 40 CFR when you need it.

**Need extra copies? Purchase the set online at [www.lion.com/Lionbookstore](http://www.lion.com/Lionbookstore).**

### FREE Support Services for One Full Year

Each Student receives a year of Lion Membership, with exclusive access to highly targeted regulatory information and essential compliance resources. Membership benefits include:

- **Hot Topics** – Stay current with “LionCasts” regulatory briefs, timely e-newsletters, and special e-bulletins
- **Technical Help** – Search the online FAQs or submit your question to the “Finder Service”
- **Library Resources** – Key Federal, State, and international documents, rulemakings, and best practices are at members' fingertips
- **Training Records** – Access and print your Lion training history at any time
- **Member Discounts** – Special offers and member-only pricing available on select Lion products

**Can't attend? Purchase a new membership for \$499/year or renew for \$199/year.**

## Expert Training – Any Time, Anywhere

### Upcoming Web Seminars

Stay current on the latest compliance issues without having to leave your site. All you need is a computer, Internet connection, and a phone to participate in live web seminar training.

#### Shipping Lithium Batteries

Learn the requirements for shipping lithium batteries.  
February 2, 2010
