

Advanced Hazardous Waste Management

Meet Your Annual Training Mandates and Build Your Compliance Skills

- Develop your understanding of RCRA's regulatory requirements using practical, hands-on application
- Learn the most efficient on-site management options for your site
- Get up to speed on the latest rules, interpretations, and initiatives
- Discover which reliefs and exclusions can reduce your waste generation and disposal fees
- Receive tips and techniques to help you resolve your waste management issues

Attend day three and learn the latest rules for managing...

Industrial and Hazardous Waste in Texas

Targeted and focused training to assure compliance:

- **Texas waste classification & coding:** Develop your competencies for classifying Class 1-3 industrial waste and applying Texas waste codes
- **Recordkeeping responsibilities:** Learn how to manage the TCEQ paperwork and reporting requirements
- **Manifest procedures:** Understand the rules for hazardous and industrial nonhazardous waste
- **Releases & spills:** Know when and how to report incidents to avoid fines and penalties
- **Latest actions:** Discover the implications of the new Federal solid waste rule revisions for Texas generators

Annual Training Is Required by Law...

...for "all persons who work at or oversee the operations of a hazardous waste facility."
[40 CFR 262.34(a) & 265.16; 30 TAC 335.69(a)(4)]

Free Membership for One Full Year and More!

Compliance professionals must keep track of regulatory changes on a continuous basis, or they risk fines for non-compliance. Lion's Membership Services help you stay on top of the ever-changing regulatory landscape. Receive—

- Ongoing regulatory updates and support; access to new LionCasts, Special Alerts, and more
- Nationally recognized Certificate of Achievement and CEUs, plus ABIH and IHMM certification maintenance points
- User-friendly compliance references, checklists, and how-to-guides in print and searchable CD offer complete regulatory support when you need it

Train Online 24/7!

Expert Training—Any Time, Anywhere

Two-Day Workshop on Federal Rules (RCRA)

Advanced Hazardous Waste Management 2011 Certification Workshop

Day 1: Coffee & Pastry, Registration 7:30–8:30 a.m. Program: 8:30 a.m.–4:30 p.m. **Day 2:** Coffee & Pastry, Discussion 7:30–8:00 a.m. Program: 8:00 a.m.–4:30 p.m. Networking Lunch: 12:00–1:00 p.m.

RCRA Options and Opportunities

Discover how to optimize the U.S. EPA hazardous waste rules, reliefs, and management options at this highly interactive two-day workshop. Through expert instruction, collaboration with industry experts, and hands-on application of the rules, you will learn best management practices to assure compliance and gain efficiencies at your facility.

Meet RCRA Annual Training Mandates

This course is designed to meet the U.S. EPA annual training standard (40 CFR 262.34(a) and 40 CFR 265.16). It's intended for students *who have had prior training* in the RCRA hazardous waste regulations. For those needing to learn the RCRA fundamentals, we recommend taking the Hazardous/Toxic Waste Management workshop or online course first.

NEW! Watch Movie on RCRA Training Mandate:
www.Lion.com/WatchtheMovie

Program Topics

- How to use waste identification rules, allowances, and exclusions to reduce how much waste you generate
- On-site hazardous waste management best practices and cost control options
- Essential steps for assuring compliance with land disposal restrictions
- Alternatives for treating hazardous waste without a permit
- Proven techniques for avoiding discrepancies and costly errors during off-site shipping
- Recycling, waste minimization, and pollution control best practices **New!**
- Alternative treatment standards for lab packs, contaminated soil, and debris
- Emergency preparedness, contingency planning, and release reporting
- Management systems for streamlining your procedures **New!**
- New EPA rules, initiatives and enforcement activities

Upon successful completion of the workshop, students earn 1.4 CEUs, 2.34 ABIH, and 16 IHMM certification maintenance points.

Day Three Workshop on Texas Rules

Industrial and Hazardous Waste in Texas

Coffee & Pastry, Registration 7:30–8:00 a.m. Program: 8:00 a.m.–4:30 p.m. Networking Lunch: 12:00–1:00 p.m.

Targeted Training on Texas Mandates

Generators must assure compliance with both the Federal and the more stringent State regulations. Violators face steep fines and penalties. Just last year, the TCEQ conducted 106,758 investigations and issued over \$14.5M in fines.

Assure your site is in compliance with today's Texas Industrial and Hazardous Waste Regulations at this one-day certification workshop. Designed to complement the Federal workshop, you'll learn the additional Texas regulatory mandates that apply to your operations.

Prerequisite: Current Federal RCRA Training

Upon successful completion of the workshop, students earn Lion's nationally recognized Certificate of Achievement and 0.7 CEUs, plus 1.17 ABIH, and 8 IHMM certification maintenance points.

Workshop Highlights

- Enforcement priorities and how to avoid costly fines and penalties. **New!**
- What is hazardous vs. Class 1–3 industrial waste, how to assign Texas waste codes, and implications of the new Federal exclusions for secondary materials.
- Texas rules for waste accumulation and storage, options for managing universal waste, and source reduction and waste minimization.
- Texas variations for the management of used oil. **New!**
- Off-site shipping, manifest variations, and reporting responsibilities.
- What you must know to prepare the annual waste summary, STEERS notification, fee schedules, and progress reports.
- Texas spill prevention and control requirements and rules for releases of oils and other hazardous substances.

Compliance Tools, Updates, and Membership

Take Home Unsurpassed Reference Materials

Conquer your compliance challenges with Lion's new and improved **Advanced Hazardous Waste Management: References and CD Set** (included with your training program). Find the rules you need quickly and easily with large-print, user-friendly Hazardous Waste Regulations (40 CFR 260–279). You will also receive the new Workshop Handbook and e-Compliance Reference, full of Lion's essential how-to guidance documents and checklists. Plus, no office space would be complete, without the RCRA Road Map for quick reference. It's the essential compliance tool for today's hazardous waste professional.

At the State workshop, each student receives the complete **Industrial and Hazardous Waste Reference Set and CD**. The set includes completely up-to-date TCEQ Hazardous and Industrial Waste Regulations (30 TAC), helpful compliance references, checklists, summaries, and other guidance documents.

Need extra copies? Purchase the set online at www.Lion.com/Lionbookstore.

FREE Membership for One Full Year

Each student receives a year of Lion Membership, with exclusive access to highly targeted regulatory information and essential compliance resources. Membership benefits include:

- **Reg Updates** – Stay current with new state specific "LionCasts", timely newsletters, and special e-bulletins
- **Book Updates** – Keep your Hazardous Waste Regulations (40 CFR & 30 TAC) current by downloading updates throughout the year
- **Technical Help** – Search the online FAQs or submit your question to the "Finder Service"
- **Library Resources** – Key Federal, State, and international documents, rulemakings, and best practices are at your fingertips
- **Training Records** – Access and print your Lion training history at any time
- **Member Discounts** – Special offers and member-only pricing available on select Lion products

Can't attend? Purchase a new membership for \$499/year or renew for \$199/year.
