2019 HAZMAT TRAINING
Keep your hazardous materials moving safely, sharpen your skill set, and get up to date on new and changing regulations you must know.

MEET 49 CFR, IATA DGR, AND IMDG CODE TRAINING MANDATES
Get ready to ship hazardous materials with confidence! Develop the skills and expertise to control what you can in the hazmat transport process, and worry less about what you can’t. These workshops are your chance to sharpen your knowledge and practice applying complex regulations to real-world situations.

You will return to work with actionable insights to inform and support your compliance decisions. Plus, network with shipping professionals from a wide range of industries and maintain IHMM, ABIH, NEHA, or REHS credentials.

BUILD THE SKILLS YOU NEED TO:
- Identify new domestic and international regs that impact your operations
- Apply the latest 49 CFR, IATA, & IMDG rules to regulated hazmat shipments
- Sign hazmat shipping papers and other documentation
- Recognize and address hazmat security threats and emergencies
- Confidently take ownership of hazmat compliance at work
- Supervise, protect, and train new hazmat employees

WHAT’S NEW FOR 2019?
- New requirements for hazmat labels and markings mandatory now
- Overhauled rules for Division 4.1 materials, lithium batteries, and more
- Updated IATA packing instructions (PI) and special provisions

Attend and get comprehensive resources that translate the regulations into clear, plain English. Plus, get answers to your questions and access exclusive resources for a full year.
